

the UAA College of Engineering Presents:

# ASK ME ANYTHING

with guest  
**David Brock**

## DID YOU KNOW?

- Dr. Brock can solve a Rubik's cube in almost any configuration in about 90 seconds.
- He was once wearing a cowboy hat holding a rope tied to the back of a fork lift that was pulling the office chair he was sitting in around a warehouse... and eventually through a concrete block wall.
- On a project in Cape Lisburne AFS , he was chatting with a friend when the project's biologist came up and asked if they had seen the polar bear that was responsible for the fresh scat 30 feet behind them. They had not...
