UAA Governance Office

Re: Adoption of a Secure Electronic Database

On February 7th, 2014 the Faculty Senate approved the following motion brought forward by the Research and Creative Activity Committee:

Motion with Amendment: The Faculty Senate supports adoption of a secure electronic database for annual activity reports. In addition to enabling faculty to more easily prepare annual activity reports and retention, promotion and tenure files, this will allow for better institutional tracking of research and creative activities across UAA.

If I may be of further assistance, please let me know.
