Re: Kenai Peninsula College IDEA Pilot Study

On February 1, 2013 the Faculty Senate approved the following recommendation brought forward by the faculty forum from Kenai Peninsula College:

Faculty Forum from Kenai Peninsula College Advises the Faculty Senate: In an attempt to understand and address the issue of low response rate for IDEA evaluations, the faculty at KPC will undertake a pilot study of administering the IDEA evaluations in face to face classes in a paper format. The director of KPC will support this fund this pilot study and provide the required administrative support.

If I may be of further assistance, please let me know.
