Accreditation Kick Off - Where We Are, And Where We Want to Be

Join the chancellor and provost in welcoming national keynote speaker Dr. Jillian Kinzie, Associate Director, National Survey of Student Engagement (NSSE), and Senior Scholar, National Institute for Learning Outcomes (NILOA).

Dr. Kinzie will guide us through a conversation about how to meaningfully use what we have learned from the graduate exit surveys about our students and the Core Competencies.

Provost Runge will then begin the conversation about where we want to go in the future, and Dr. Kinzie will provide national context to the discussion.

Come help us reflect on mission fulfillment, where we are, and where we want to be as an institution moving forward!

Date: Friday, September 13
