

UAA STAFF RECOGNITION AWARD

Tammie Willis

Tammie Willis is the Associate Director of Residence life for the KPC campus residence halls. She has incredible perseverance and determination, never giving up on even the hardest situation. Her resolve lends to her ability to relate to any student from any background. She is very encouraging, particularly of personal growth. She helps students to learn from their mistakes and apply those lessons to future successes and to embrace their own experiences as learning opportunities for others. Tammie has been a beacon of light within and for the LGBTQ+ communities not just on the KPC campus, but within the larger Soldotna community. Through Tammie's leadership and experience, she has created a community of learners at Kenai Peninsula College's Residence Life who feel safe and included without judgement.

Tammie, your service and dedication to your students and colleagues does not go unnoticed and we appreciate the work you do to make KPC and UAA a safe place for everyone!
